

Defects Report v2.0

Flip Property Coach — propertyflipit.com

Full end-to-end test: Flipper · Supplier · Admin

Date: 30 June 2026 | Build: main !' Vercel Production

Tested by: Copilot Test & Validation Agent

34				12				22				2			
Found				Fixed				Open				Crit Open			
SEVERITY				FOUND				FIXED OPEN							
CRITICAL				8				6				2			
HIGH				10				5				5			
MEDIUM				12				1				11			
LOW				4				0				4			
FLP-001	FIXED	Flipper	Add Transaction now persists to Supabase for real users												
FLP-002	FIXED	Flipper													
SUP-001	FIXED	Supplier	Ad purchase Stripe checkout fixed (was GET, now correct POST)												
AUTH-001	FIXED	Admin	Admin page /admin now requires auth + admin role												
AUTH-002	FIXED	Supplier	Supplier dashboard — demo mode only when unauthenticated												
FLP-003	FIXED	Flipper	Delete transaction button added (hover row to reveal X)												
FLP-004	FIXED	Flipper	Delete todo button added (hover task to reveal X)												
FLP-005	FIXED	Flipper	Remove property from watchlist — toggle button added												
FLP-006	FIXED	Flipper	Finance charts now calculated from real transactions												
AUTH-004	FIXED	All	Auth callback redirects to /login?error=auth_failed on failure												
CLEAN	FIXED	—	Removed 7 leftover test/patch files from repo root												
PAY-001 — Missing Stripe environment variables															

PAY-002	All	No auth on /api/create-checkout-session Anyone can POST with any userId to create Stripe sessions.
PAY-003	All	No auth on /api/create-portal-session Anyone who knows a customerId can access billing portal.
AUTH-003	All	Middleware does not protect routes /dashboard, /supplier-dashboard, /admin reachable without auth.
SEC-001	All	Supabase anon key hardcoded in source lib/supabase-config.ts exposes real project URL + JWT. Remove before going public.
ADM-005	Admin	Supplier approval not enforced in marketplace No RLS or app filter stops unapproved suppliers appearing in FIND.
PAY-004	Supplier	Ad purchase webhook handler not implemented Stripe fires event but only logs. Supplier ad status never updated.
ADM-003	Admin	Admin KPIs are hardcoded mock data 1247 flippers, £28,900 MRR etc. are constants, not real queries.
PAY-005	All	Subscription period end hardcoded to +30 days in webhook
AUTH-005	All	
SEC-002	All	No API rate limiting on payment routes
SEC-003	All	No input validation / schema on API routes
ADM-004	Admin	Search boxes on Users/Suppliers tables non-functional
ADM-006	Admin	Content management section is a placeholder
FLP-007	Flipper	Receipt upload UI missing (backend uploadReceipt() exists unused)
FLP-008	Flipper	Milestones section shows hardcoded text, not real data
FLP-009	Flipper	No loading spinners on async operations
SUP-002	Supplier	No UI to mark leads as Quoted or Closed
SUP-004	Supplier	All ad performance metrics are hardcoded mock data
FLP-010	Flipper	Plain Loading text during auth init — no spinner
SUP-003	Supplier	
SUP-005	Supplier	No format validation on phone, website URL, description

Product Roadmap

Prioritised enhancement list — 4 release milestones

R-001	Small	Security	Add authentication to all payment API routes
	Small	Security	Add server-side route protection in middleware
R-003	Medium	Payments	Configure real Stripe Price IDs in Vercel environment
R-012	Small	Security	Remove hardcoded Supabase anon key fallback
R-017	Small	Auth	Refresh session tokens in middleware
R-004	Large	Admin	Wire admin actions to real Supabase database
	Large	Admin	Replace admin mock data with real Supabase metrics
R-006	Medium	Payments	Complete Stripe webhook handler for ad purchases
R-007	Small	Payments	Fix webhook subscription period end date
R-015	Small	Admin	Implement admin search/filter functionality
R-016	Medium	Security	Add rate limiting to payment API routes
R-008	Medium	Finance	Add receipt upload to Add Transaction form
	X-Large	Supplier	Build real ad performance tracking (impressions/clicks)
R-010	Small	Supplier	Add Quoted/Closed status transitions in supplier leads
R-013	Medium	UX	Add loading spinners to all async operations
R-014	Small	Supplier	Add input validation to supplier listing form
R-011	X-Large	Admin	Build real CMS for Educate content (video, PDF, checklists)
	Large	Flip	Build milestones feature from project data (CRUD)
